## A Theme for February - FELLOWSHIP...

Welcome to our February Newsletter.

I'm delighted to report that last month, as we concluded our theme of 'community', we held a special induction service on 29 January to welcome 14 new full members into our Church before a packed congregation. How pleasing it was to see the Church so full and good it was to offer the hand of fellowship to new members.

In a modern age of social networking and technology our philosophy and belief is more accessible than ever and we, like all other faiths, must embrace the opportunities that offers us to ensure that the message of Spiritualism reaches as many people as possible. Embracing the true meaning of fellowship offers you the opportunity to not only change your life but to influence and support others in need. Our principle of the Brotherhood of Man encapsulates the very meaning of fellowship and how interconnected we are with each other and God.

Our Church is open to people of all faiths and none - come join us and explore your own relationship with God and universal spirit! *John Blackwood OSNU, President*
